## **Company Profile:**

Indo Tech Transformers Ltd now a 250 Crore Company made a humble beginning in the year 1976 at a small factory in Saidapet, Chennai. 1996 is a landmark year when we moved our operations to Thirumazhisai near Chennai to manufacture 132 kV and 220kV class transformers. To day we are one of the leading Power & Distribution Transformer manufacturers to reckon with in the organised sector with overall installed capacity of 5850MVA in 230kV Class.

Since inception we have supplied over 55,000 transformers of various ratings to more than 3000 customers in India including special purpose transformers like furnace duty, rectifiers & amorphous metal transformers. Indo Tech's clientele include Utilities (GEB, MSEB, KSEB, and Reliance Power), Steel Plants, Cement Plants, Textile mills, and water supply, hotels and Industrial clients.

To challenge the leading players in Power Transformers arena in 132 kV and 230kV Class and to sustain the growing demand, Indo Tech has invested in a most modern and integrated manufacturing facility at a new location near Chennai, in 30 acres land that has increased the total installed capacity to 5850MVA.

## Indo Tech Transformers are accepted in Industries & Utilities

Indo Tech Transformers are well accepted in the Industry as well as by leading Electrical Contractors & Consultants. We give below the leading names of SEBs, EPC Contractors & consultants who are our satisfied clients.

#	Utilities	EPC Contractors	Power Generation
1	✓ MSEB	✓ BHEL	✓ NTPC
2	✓ GEB	✓ ALSTOM	✓ NLC
3	✓ TNEB	✓ L & T	✓ SEBs
4	✓ RELIANCE	✓ Demag	✓ APGENCO
5	✓ KPTCL	✓ TATA	
6	✓ BEST	Projects	
7	✓ KSEB		

Indo Tech Transformers are in the approved list of following Consultants:

#	Consultants
1	.Avant- Garde
2	Engineers India Ltd
3	M N Dastur Consulting Engineers
4	MECON
5	Tata Consulting Engineers
6	Fitchner Consultants

## Product Range:

#	Description	Range
1	Distribution Transformers	100.kVA to 3150kVA, 11/22/33 kV Class
2	Power Transformers	UP TO 315MVA 110/132/230/ 400.kV Class
3	Arc Furnace transformers	Up to 16 MVA, 33 kV Class
4	Induction Furnace Transformers	Up to 3150 kVA, 11/22 kV Class, LV Voltage 550V
5	Neutral Earthing Transformers	1000Amps, 33kV
6	Special truck-mounted Mobile sub-station Transformers	UP TO 60MVA 33kV Class
7	Unitised Sub-stations	Up to 5000 kVA, 11/22/33 kV Class
8	Transformers for wind mill generators	250,315,400..800 kVA 11/22/33 kV Class
9	Conventional Dry Type Transformers	Up to 3150 kVA, 11/22 kV Class
10	Cast Resin Transformers	100.kVA to 6300kVA, 11/22/33 kV Class

### Standards

Oil immersed Transformers are designed and tested to comply with BIS & International IEC standards

- ❖ Power and Distribution transformers; [BIS 2026 & IEC 60076](#)
- ❖ Dry type transformers : [BIS 11171 & IEC 60726](#)

## Transformer Technology:

Indo Tech has absorbed world-class technology to build quality and reliability into transformers:

- ❖ Technical collaborations with Honeywell Inc., (Formerly Allied Signals, (USA),
- ❖ Moble Source Industries Inc to manufacture various types of distribution and power transformers in ANSI standard.
- ❖ Collaboration with DUPONT INC to manufacture Dry type transformers.
- ❖ We have technical know how for amorphous core distribution transformers from Allied Signals INC USA.

Our thrust area has been technology up gradation, imported as well as in house R& D. To keep abreast with the international standard, transformer cores are built with CRGO low loss silicon steel laminations & Use of Hi-B grade laser scribed laminations reduces no load loss as well as noise level.

High-speed CNC machines for core slitting and cropping offer burr free laminations. The laminations are built on a special fixture; the step lap joints at corner ensures streamlined magnetic path.

## Our Satisfied Clients:

Our strength is satisfied State Electricity Boards in Southern Region. (TNEB, Andhra Pradesh, Karnataka, and Kerala) and leading EPC contractors including Larsen & Toubro, ABB Ltd, Reliance Energy and industries to name a few.

## ***Export Market:***

Indo Tech has its presence felt in developed countries like USA, Europe, and Canada. Over the years Indo Tech has executed orders from North American market for Mobile transformers and substation-transformers. During the last 8 years, we have exported transformers to Nigeria, Srilanka, U.K., USA, Ghana, Canada and south East Asian countries confirming to IEC standards..

## ***Our Achievements:***

1. We are one of the established players in the organised sector having built an installed base of over 55,000 transformers of various ratings. We have a satisfied customer base of over 3000 that includes SEBs, Industrial customers, Institutions, Hospitals, Textile mills etc.
2. We are the largest supplier of transformers to TNEB in 110kV Class
3. At our medium power transformer facility at Thirumazhisai at Chennai we manufactured the first 100MVA, 230kV Class Transformer and supplied to TNEB
4. We have invested Rs.75.6 Crores in a green field transformer Plant near Chennai.

## Manufacturing Facilities

#	Facilities	Capacity
1	Main manufacturing facility built-up area	17500 Sq. ft
2	Over Head Cranes	150Tonne, 100Tonne, & 20 Tonne
3	Winding Machine	10 T
4	Winding Machine Small	5 T
5	Core building fixture	Two
6	Vacuum Processing Autoclave Large size	One
7	Vacuum Processing Autoclave Medium size	One
8	Air Drying Oven for Power Transformers	One
9	Oil Filtration Plant	15 kLiter /Hr, 10 kLiter/Hr
10	Oil storage tank	60kLiter
11	Test Lab	230 kV Class
12	Impulse Generator	230 kV Class
13	Paint Booth Large	Power Transformers
14	Winding & Insulation shop	Dust Free

### Competitive Advantage:

- ✓ Superior Quality
- ✓ Shorter Delivery Periods
- ✓ Competitive Price
- ✓ Prompt after sales Service
